

This exciting partnership combines AHLEI's Hospitality and Tourism Management Program (HTMP) and the Virtual Business High School Hotel Online simulation powered by Knowledge Matters.

Students who complete the Hotel Online simulator receive an exemption from the 100-hour internship component of the industry-recognized Certification in Hospitality, Tourism and Management when they have passed both the HTMP Year 1 and Year 2 exams.

The Hospitality and Tourism Management Program (HTMP) is a two-year curriculum developed by industry experts and members of the American Hotel & Lodging Association. It presents the tasks, knowledge, and skills required to build a career within the hospitality and tourism industry.

The Hotel Online simulation takes students through job rotations within a full service hotel.

Developed with the support of the J. Willard and Alice S. Marriott Foundation and Marriott International, the simulation draws on industry experts to model the inner workings of a hotel.
