

# SCANTRON FOOD SAFETY TESTING

## FORMATIVE ASSESSMENTS

The URL for accessing the Achievement Series practice tests is [www.achievementseries.com](http://www.achievementseries.com). This is the site in which teachers can create their own exams or use a variety of pre-built tests and quizzes to be administered at will.

## FREE FREE FREE FREE

There is not cost to teachers or students to utilize this study tool!!

## SCANTRON TESTING FOR FOOD SAFETY

Food Safety teachers, Do you want to know if your students are ready for the ServSafe exam?

Once again the State Department of Education is offering ServSafe Preassessment

## SERVSAFE PREASSESSMENT EXAM

Pre-Certification Exam administered via Scantron's Secure Portal

- Comprehensive pretest developed by national and state subject matter experts
- Proctored environment that provides test and item security. (NOTE: During COVID, we have added the capability for students to test at home with an approved proctor/adult.)
- Covers CNA/PCT, & Food Safety Content
- Reports are immediately available to help teachers determine student readiness
- No pretest setup required\*

Please adhere to the requests below when you are ready to administer the PreCertification test:

At least three (3) days prior to pre-certification testing, contact [alabama@scantron.com](mailto:alabama@scantron.com) to receive your test access codes. This information will be provided to you via a secure ShareFile site. The test access codes and State Student ID (SSID) are needed for students to access the test.

## ACCESSING THE DATA

The URL for accessing the Reports portal in the secured site is <https://scantronassessment.com/Connect/cte>. Since the exams in the secured portal are set in stone, this site is relevant only after a student has taken the precertification test and educators want to review the results.
